Community health center (CHC):

Most appealing:
- Patient Counseling
- Connecting with healthcare providers

Least appealing:
- Administrative/regulatory duties
- language barriers
- lack of resources: • Small inventory
  • lack of vaccines

Advice:
- visit different centers
- good Communications skills

Contract research orgnaization (CRO):

Most appealing:
- Diverse colleagues
- Exposure to all drug approval steps

Least appealing:
- Long hours • highly detail-oriented
- No direct patient contact

Advice:
- Flexible • be positive
- Personal/professional balance
